

Consultation Services

Available to Real Estate Professionals

Sellers:

PROPERTY ANALYSIS: EON Design will inspect site and make recommendations to increase saleability.

"PROPERTY POTENTIALS": A Brochure created specifically for your property to be used as a sales tool.

RENDERINGS: for use in flyers and at Open House, these can be produced in many different mediums; pencil, ink, watercolor, even 3D Computer Graphics!

Buyers:

CLIENT CHECKLIST: After meeting with your client, a custom profile is created that will focus the buyers attentions on properties that best suit their needs.

PROPERTY ANALYSIS: A property can be inspected, either with or without the agent, to determine it's suitability to the buyer.

SITE VIEWING: EON Design will accompany the buyer and provide instant creative solutions as well as a realistic opinion of what can be done to personalize the home to best fit their lifestyle.

Sometimes the smallest changes can improve a home in a dramatic way!

EON Design specializes in looking past the current condition of a home, seeing instead the POTENTIAL that many properties have.

EON Design can turn a house into the home of your client's dreams!
